

17th Symposium on Theoretical and Applied Linguistics

WORKSHOP (April 14th, 2005)

Bilingualism: Grammatical representations and processes

Ceremony Hall (Old Building – School of Philosophy)	
Official Opening: 8.30 – 9.00	
Chair: <i>Ianthi-Maria Tsimpli</i>	
09.00-09.50	Jürgen Meisel: The weaker language in early child bilingualism: delay, disturbance or failure of grammatical development?
09.50-10.40	Aafke Hulk & Leonie Cornips: Vulnerable domains. Instability, variation and fossilization in the acquisition of gender-related phenomena in child L2/2L1 Dutch.
10.40-11.00 <i>Coffee break</i>	
Chair: <i>Despina Papadopoulou</i>	
11.00-11.50	John Williams: How native-like is second language processing?
11.50-12.40	Leah Roberts: Subject pronoun resolution in L2 discourse: evidence from eye-tracking.
12.40-13.30	Theodore Marinis: Acquisition vs processing of wh-movement in SLA.
13.30 – 15.30 <i>Lunch break</i>	
Chair: <i>Bonnie Scwhartz</i>	
15.30-16.20	Celia Jakubowicz: Computational-based performance limitations in (a)typical language development.
16.20-17.10	Susanne Carroll: On focus accent in L2 segmentation and word learning.
17.10-17.40 <i>Coffee break</i>	
Chair: <i>Anna Roussou</i>	
17.40-18.30	Antonella Sorace: Interfacing syntax and other cognitive domains: evidence from child and adult bilinguals.
18.30-19.20	Adriana Belletti: Answering strategies.
Closing remarks
